

Conklin Fabric-Reinforced Roofing System

Rugged roof lowers energy costs

Conklin's Fabric-Reinforced Roofing System is tough and flexible; it is recommended for both new and existing roofs. This extra-durable system will deliver these benefits for years to come:

- Stops leaks with superior waterproofing
- Offers excellent wind and hail protection
- Increases energy efficiency and lowers utility expense with its cool, white reflective surface
- Extends the life of your existing roof

Recommended for application over these surfaces:

- EPDM/BUR/Mod-Bit
- Exterior Sheeting
- Concrete
- Composite Decking
- ISO Board
- Metal roof assemblies

Application of a Conklin Fabric-Reinforced Roofing System

Conklin's Fabric-Reinforced roofing system is extremely versatile and can be applied to many different types of roofs. A Conklin contractor will cover the proper procedure for application of our Fabric-Reinforced system to your particular roof substrate.

A white Conklin roof is the smartest way to stay in the black

Reduce cooling expense by up to 30%

The average roof absorbs a large portion of the sun's ultraviolet rays as heat. Conklin's white Single-Ply Roofing Systems reflect 84% of the sun's heat, cooling your roof which could save as much as 30% in air conditioning costs.

Recoup your costs

A great return on investment is another important reason to install a Conklin Single-Ply Roofing System. Many satisfied building owners discover that a Conklin roof can pay for itself during the warranty period in lower air conditioning costs. Federal tax rebates, tax credits and deductions may also offset your investment. Check with your local utility company, tax advisor, and energystar.gov for additional details.

Look forward to years of trouble-free protection, low maintenance

Conklin's Fabric-Reinforced Roofing Systems provide leak-free protection and exceptional energy savings for years, often exceeding the warranty period. They maintain maximum reflectivity and energy savings because their surfaces are resistant to dirt and discoloration. Annual or bi-annual cleaning is all that's needed to keep them white.

Eliminate future roof tear-offs

Years from now, when it's time to renew the superior protection of your Conklin roof, a simple recoat will do the job. In most cases, multiple recoats can be done for as long as you own your building saving you the expense of a new roof. With your recoat, our material warranty may also be extended.

Enjoy peace of mind with our Warranty Program

Conklin's optional warranty program includes a non-pro-rated material warranty.

Conklin's highly-reflective roof systems have been providing quality solutions to the roofing market since 1977.
